UNIVERSITY OF NADIRAN.

INSTRUCTIONS TO CANDIDATES APPEARING FOR THE EXAMINATIONS TO BE HELD IN 1932.

Candidates for University Examinations are required to observe the following instructions very carefully:—

1. Strict silence should be maintained in the examination room.

2. Candidates should take their places in the examination hall at least five minutes before the time fixed for giving out the papers. Candidates presenting themselves more than half an hour after the appointed time will not be admitted to the examination hall. Candidates who are undoubtedly suffering from infectious diseases of any kind will not be admitted.

Candidates should bring with them to the examination hall each day of the examination their hall tickets for inspection by the Chief Superintendent.

3. Candidates are prohibited from writing upon their hall tickets or question papers. Candidates are also prohibited from writing their names on any part of their answer books, but their register numbers should be written very distinctly on the outer cover of each. Failure to write their register numbers may involve the rejection of answer papers.

4. Candidates are not allowed to attend the time assigned to each paper.

5. No candidate will be allowed to leave the examination room till the expiry of at least half an hour after a question paper has been given out, and by candidate who leaves the room during the period allotted for a paper will be allowed to return within that period.

6. Candidates are forbidden to ask questions of any kind during the examinations. They are further forbidden to converse with the examinees, should they do so their answers will not be valued, and their conduct will be reported to the Superintendent for disciplinary action.

7. Candidates are not allowed the use of books or any kind of device as mentioned in item 6. They are also prohibited from introducing into the examination room any book or portion of a book, slate, manuscript or paper of any description, from communicating with or conferring with each other, and from communicating with any person outside the examination room. Any candidate detected in violation of these rules will be sent out of the examination room, and his conduct will be reported to the Superintendent.

The use of tables at university examinations is not permitted except to students answering paper in Mathematics. The use of mathematical instruments whilst answering papers in Mathematics and in Physical Sciences will be allowed. Such instruments will not be supplied by the University.

8. Clarke's Mathematical and Physical Tables will be supplied to candidates sitting Mathematics, Physics, Chemistry, Geography, Electrical Engineering and Mechanical Engineering of the Intermediate, B.A., B.Sc. (Ag.), B.Sc. Part II, B.A. (Honours), B.Sc. Honours and M.A. Pre-registration and B.Sc. Degree examinations only.

An "extra" fee of 3s amount equivalent to the cost of a copy of Mathematical Tables should be

deposited with the Chief Superintendent by each student requiring the use of such books. The amount to be refunded on the book being returned. The cost price of each book is seven shillings.

9. Candidates for the B.A. Degree Examination under Groups (i) and (ii) are required to submit their laboratory note books both in the main and the subsidiary subjects to the Examiner concerned on the first day of the practical examinations, and to get their book at the close of the examination. This instruction applies only to candidates appearing from colleges.

10. Candidates are required to provide themselves with their own pens. Candidates may bring into the examination hall their own ink bottles. They must, however, use only black ink while answering their question papers.

11. Particular attention is requested to the instructions regarding rough working and loose sheets of paper printed on the answer books. All rough working must be shown on the left hand page of the answer books themselves. No separate books for rough working will be supplied to candidates. Paper must not be detached from the answer books of candidates. If the ordinary answer books are found insufficient, additional books will be allowed and these should be securely fastened to the answer books.

12. As soon as candidates have finished writing their answers, and wish to give up their answer books, or at the end of the period prescribed for each particular part of the examination, each candidate stands up in his place and remains standing until one of the Superintendents has come to him and has received his answer book from him.

When the halls are suitable the following alternative procedure may be adopted—At the end of the period provided for each particular part of the examination the candidates should at once fold their answer books, leave them in evidence at their places, vacate their seats, retire to the passages between the tables and move out of the hall in order and in silence, the Superintendents being meanwhile stationed in position from which they may command a good view of the blocks entrusted to their care; when all the candidates have moved out the Superintendents will collect the answer books.

13. Communications to the Registrar from candidates requesting information relating to the results of examinations will not receive attention until after the publication of the results in the Fort St. George Gazette.

14. All candidates must obtain their hall tickets from the Chief Superintendent of their respective centres at which they are to be examined, three days before the commencement of the examination. Information as to the places of examinations where the candidates are to be examined in Nadirán will be duly notified at the Nadirán Notice Board in the local papers.

15. No college student will be allowed to select a centre for his examination other than that in which the College, he studies, is situated, except for his further removal and on the recommendation of the Principal of his College.

16. Candidates appearing at centres where they are not known must be provided with the Chief Superintendents of such centres as to their identity. They shall also be required to place their signature

upon the identification certificate produced by them before the Chief Superintendents of the respective centres.
